

The 4th International Conference on DV- X_α Method

DV- X_α 2006

A conference volume is planned in ADVANCES IN QUANTUM CHEMISTRY (AQC) and you are cordially invited to write a contribution to this volume. The average size of a contribution is expected to be around 20 pages but both shorter and longer contributions are welcome. Please note that one page in AQC is smaller than one page in Physical Review. One page in AQC is usually about 45 lines (with about 15 words per line). Of course headings and figures and (do not forget!) "list of contents" etc. also produces space in the article. Some general information for Contributors are added below.

It would be very helpful if we could get a definite answer at the time of the symposium that you are willing to write a contribution in AQC. The deadline for submitting the manuscript is set to ~~xxxx~~. Please tell the organiser if you have any problems with that date.

September 30, 2006

Note that we no longer produce camera ready products. We accept most general files like LaTeX and Word. In addition we request a pdf-file.

We look very much forward to your talk and hope that you will be willing to take some of your valuable time to write a contribution.

Instructions for Preparing Manuscripts for Bulletin of the Society for Discrete Variational $X\alpha$

This is an example instruction.

All participants, including those who submit a full paper to Proceedings of DV- $X\alpha$ 2006, are strongly requested to submit a manuscript to Bulletin of the Society for Discrete Variational $X\alpha$. These manuscripts will make another type of Proceedings of the 4th International Conference on DV- $X\alpha$ Method (DV- $X\alpha$ 2006) and the 19th Annual Meeting.

The maximum length of the manuscript is 8 pages

If the contributor is plan to submit a full paper to Proceedings of DV- $X\alpha$ 2006, the manuscript for the Bulletin is prepared as an abstract of the full paper, or focused on another topic.

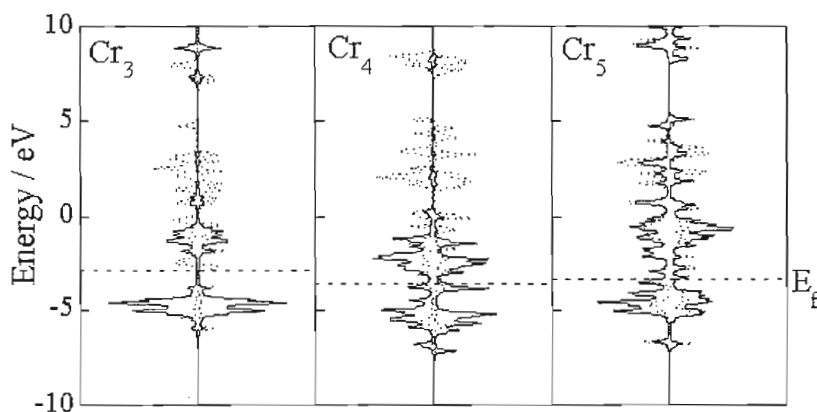

Fig. 1 Figure legend should be written in English (larger than 9 points)

Camera-ready manuscript is required. PDF file or MS-WORD doc file is preferable. Printed in monochrome.

Size A4 (297mm x 210mm); the margin is indicated the frame line with this template, however, don't draw frame lines in your manuscript.

The printed size is 85% of the original one. Please use 12 points font for text. For figures and tables the fonts should be larger than 9 points.

Indicate the paper number on the upper-left corner in the first page. The font of Times with 18 points in bold-type is preferable.

DV-X α '2006 の発表者の方へ
DV-X α 研究協会会報用の原稿準備のお願い

DV-X α '2006((第4回 DV-X α 法国際会議 兼・第19回DV-X α 研究会)で発表して下さった方全員のプロシーディングスを、例年通り DVX α 研究協会会報に掲載予定です。

発表者の方は下記要項で、原稿の準備をお願いします。

原稿の長さは1ページから8ページとします。
書式は、添付の見本をご覧ください。

別途案内いたします、Proceedingsと原稿の重複のないようにお願いいたします。
同じ内容で掲載を希望する場合には、会報用の原稿が、Proceedings用の原稿のAbstractになるように編集してください。あるいは、別のトピックに焦点を当てた原稿をご準備ください

原稿締め切り:2006年9月30日
原稿提出形態:印刷物と電子ファイル(PDFまたはWord)
モノクロ印刷可能な原稿の提出をお願いします。
